### ARMOR PLATE BIDS OPENED Twenty-Nine Proposals Received by the Navy Departmeni.

Washington, Jan. 28.—In accordance with the advertisement issued by the navy department recently proposals were opened in the office of Secretary Long today for the construction of a government armor plant, for the sale to the government of sites suitable for such a plant and for the machinery and buildings necessary if the government decides to make its own armor. There were twente-nine bids and they covered cyry phase of the advertisement. Many of the proposals were merely offers to donate sites to the government conditional upon the tocation of the plant; a number of others were for the supply of machinery. There were only two bids to furnish a complete plan and only one of these named a figure. The two companies now companies manufacture of armory for the navy did not submit proposals. The Hunting, W. Va., chamber of commerce offered to follow the specifications of the board and build a complete plant for \$3,325,905, Induding site, buildings and plant.
